

VISION ART ALBUMS

Every book is printed on fine art, museum quality paper with vibrant and vivid archival inks. When you open up a Vision Art book you see a full panoramic display of your pictures, because we have no cuts or gutters in the binding, the images display without any distractions. The creation is printed on matte paper that is rated to last generations without discoloring, yellowing or fading.

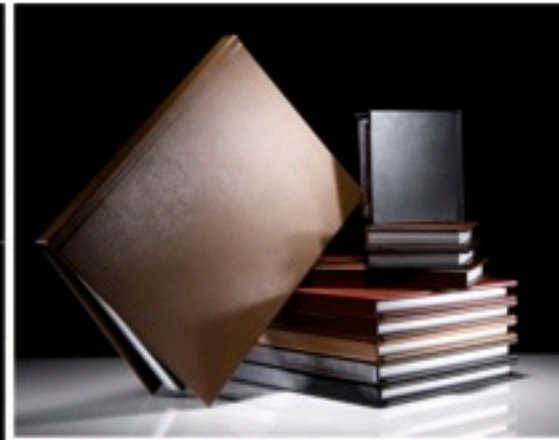

The Original: Our award winning style that is contemporary and sleek. Each spread is about 20 mm thick glued back-to-back. This book starts with 15 spreads and will hold a maximum of 45 spreads (that's 90 sides). Available in Square, Vertical, Horizontal, and our PanoVista sizes.

3/4" Leather binding with image

The Photo Art: Equal in every way to The Original except that the spreads are thicker and a Photo Finish is applied. This style is made to resemble a flush mount album. Due to the thickness, you are limited to 25 spreads. You can order this book without the Photo Finish if you prefer the fine art look. There is a difference in price for the thicker pages.
